The Spa at Laguna Cliffs Offers An Intimate Couples' Massage Complete with Tantalizing Body Treatments

DANA POINT, CA (January 26, 2011) – The Spa at Laguna Cliffs Marriott Resort and Spa is offering a special treat for guests in the form of the Couples Body Bliss Ritual. A sensual experience for both him and her, the massage makes for the perfect Valentine's Day getaway.

The Couples Suite includes two eucalyptus steam Swiss Showers, a private patio with a whirlpool, fireplace and fountain. Guests will have an opportunity to relax in the tranquility of the private patio by taking a dip in the whirlpool before the treatment begins.

First the couple's bodies will be dry brushed with a natural exfoliation using two different oils, one made specifically for men and one for women to enhance the romantic experience. Next, the therapist customizes a mixture of Shea butter, dried flowers and fresh rose petals, along with Tantra oil creating a flower paste. After the mixture is applied, guests are enveloped with a warm blanket wrap that melts the paste. The couple then receives a scalp and neck massage using marma-point techniques. Once unwrapped, couples will continue enjoying each other's company as they are served strawberries and champagne.

The massage is focused on strengthening the bond between the male and female energies. The Spa at Laguna Cliffs takes pride in offering signature treatments that embrace centuries of healing traditions from cultures around the globe. The Spa uses a holistic model of wellness that promotes the health and well-being of the total person.
